Fiber Panels

Rack Mountable Sliding Fiber Patch Panels

Infinique's Fiber Patch Panels are designed with superior features and provide high density connectivity suitable for datacenters. The panel features include a fully removable tray, improved labeling, cable management and locking latches. The panels featured here are sliding patch panels which can be fitted with front adapter plates of various configurations. These fiber patch panels with high quality and accessibility features offered by Infinique, are the best way to protect mission critical fiber connections.

Product Features

- **High Density -** Maximum amount of fibers can be patched and spliced in a fiber enclosure from both indoor and OSP cables without compromising accessibility. This allows more efficient utilization of rack space.
- **Rotating Grommets -** Rotating grommets facilitate loading and retention of jumpers and fiber while minimizing micro-bending stress when using the sliding tray
- **Quick-Release Latches -** Quick-release Locking Latches enable easy removal of front and rear doors for complete access
- **Complete Access -** Management tray has a positive stop in both front and rear working positions providing complete access for moving, adding, changing, or cleaning of fiber connections
- **Superior Design -** Top and bottom access holes located at the rear of the enclosure allow fibers to be routed between tandem enclosures without having to run fibers outside of the enclosure

Infinique's Panel
Bend Radius 4.7 cm
Generic Brands
Bend Radius 6.5 cm

Patch Cord Management
Smaller Bend Radius compared to generic brands
Bend Radius Stability improves system performance

Infinique's Panel

Generic Model

Aesthetic Design
Recessed Adapters
Snap-in Adapters without Screws for fast installation
More Cabinet Space for High Density Applications

Cable Glands
Cable gland holes of 2 x 20mm and 2 x 25mm are present for smaller cable entry and removable sections for larger cable entry.

IFRMPP24SCD Fiber Patch Panel with 24 Port SC Duplex

IFRMPP24SCS Fiber Patch Panel with 24 Ports SC Simplex

IFRMPP24STS Fiber Patch Panel with 24 Ports ST/FC

IFRMPP48SCD Fiber Patch Panel, 48 Ports SC Duplex

IFRMPP144SCS Fiber Patch Panel, 144 Ports SC Simplex

IFRMAP144SCD Fiber Patch Panel, 144 Cores SC Duplex

ORDERING INFORMATION

Part Number	Description	Adapter Options	Cores	Rack Unit	Weight (Kgs)	Dimensions (L x D x H) (cm)
IFRMPP24SCD	Infinique Fiber Patch Panel 24 Port SC Duplex, LC Quad	SC Duplex, LC Quad	48/96	1U	2.7	43 x 21 x 4.5
IFRMPP24SCS	Infinique Fiber Patch Panel 24 Port SC Simplex, LC Duplex	SC Simplex, LC Duplex, E2000, MTRJ	24/48	1U	2.7	43 x 21 x 4.5
IFRMPP24STS	Infinique Fiber Patch Panel 24 Port ST, FC Simplex	ST Simplex, FC Simplex	24	1U	2.7	43 x 21 x 4.5
IFRMPP48SCD	Infinique Fiber Patch Panel 48 Port SC Duplex, LC Quad	SC Duplex, LC Quad	96/192	2U	4.6	43 x 21 x 9.0
IFRMPP144SCS	Infinique Fiber Patch Panel 144 Port SC Simplex	SC Simplex, LC Duplex	144/288	4U	8.9	51 x 33 x 15
IFRMAP144SCS	Infinique Fiber Patch Panel 144 Port SC Simplex with 12 Adapter Plates	SC Simplex, LC Duplex	144	4U	8.9	35 x 48.2 x 17.8
IFRMAP144SCD	Infinique Fiber Patch Panel 144 Port SC Duplex with 12 Adapter Plates	SC Duplex, LC Quad	144	4U	8.9	35 x 48.2 x 17.8
IFWMCBS240	Infinique Fiber Direct Splice Panel 240 Cores	-	240			380 x 450 x 130
IFBLKSCD	Infinique Fiber Patch Panel Blanks for SC Duplex	SC Duplex, LC Quad				
IFBLKSCS	Infinique Fiber Patch Panel Blanks for SC Simplex	SC Simplex, LC Duplex				

Infinique Fiber Panels are supplied with splice trays, labels and splice protection sleeves
